WESTALEE DESIGN ROTATING TEMPLATES

Circles On Quilts: Spinning Wheels Templates

Circles On Quilts Spinning Wheels create continuous circular patterns. Using a single pin, there is only 1 point of rotation, which reduces the chance of misaligned stitches.

WESTALEE DESIGN ROTATING TEMPLATES

Spin-e-fex Templates

Spin-e-fex uses our unique Westalee Design Key System. The Key System makes it possible to stitch around the inside of a template without the need to cut the threads, to enter or exit the template and leaves no unsightly flat line when stitching past an open gate entrance. Available in 3 1/2", 5 1/2", 7 1/2", 9 1/2", 11 1/2" or mini sizes (1 1/2" and 2 1/2"), or as 5pc set (set doesn't include mini sizes).

*All Templates are shank specific, and are available in: Low Shank (3mm), High Shank (4.5mm), Long Arm (6mm)

WESTALEE DESIGN ROTATING TEMPLATES

Spin-e-fex Curly Q Templates

Rotating Templates for creating designs for blocks, borders and fills

The etched markings are easy to see. Westalee's unique slot system allows you to place the ruler foot inside the template without raising the foot. This avoids a flat spot in the stitching where you stitched past the opening.
