

OH MY STARS!

Wall Hanging Approx 24"x36"
INSTRUCTIONS

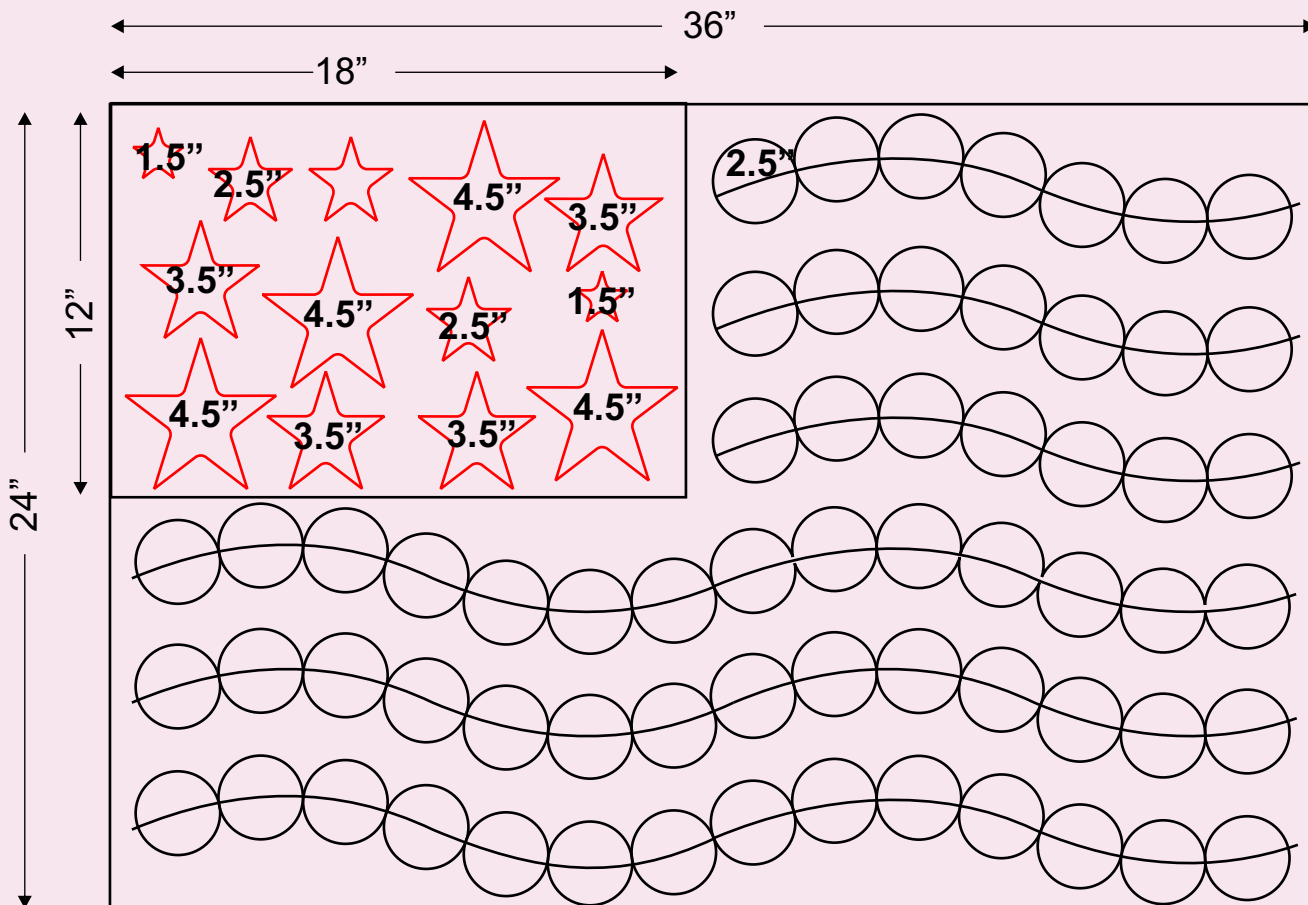

STAR 5-Pt Templates
4 Templates - 5 Sizes
1.5", 2.5", 3.5", 4.5" & 5.5"

Prepare quilt sandwich for TempLee quilting as desired using the measurements below. Stitching the upper left rectangle is optional. For a patchwork effect, piece together differing colors. Mark 3 long and 3 short, random wavy lines, approximately 2" in height, for centering 2.5" circles. Space wavy lines 4" apart.

Hint: Use the Westalee Feather Spine 12" or 10" to mark waves and 2.5" Simple Circles to stitch. Try Hearts, Stepping Stones, Soft Squares, etc.

1. Stitch randomly placed STARS as shown or alter sizes as desired.
2. Using 2/5" template, center template right on marked line. Stitch each pattern 1-1/2 times to progress along the row centering each pattern on the lines as shown. Works with multiple template shapes.

LARGER OR SMALLER QUILT:

Overall size can be easily increased for a lap quilt or throw and reduced for table centerpiece. The STAR area is 1/4 of the quilt. Refer to measurements above and alter as desired. Example: Lap Quilt, 48"x60" would need a star area of 24"x30" with waves remaining at 4".
