align Point outward offsetting between
doubled row (alternate orientation)

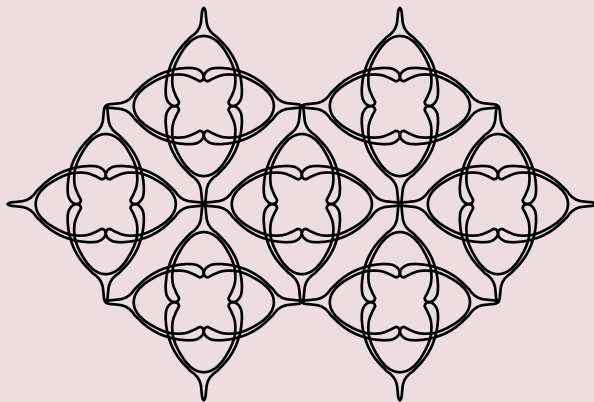

Continuous Single Pattern
align at Point In / Point Out
without offset

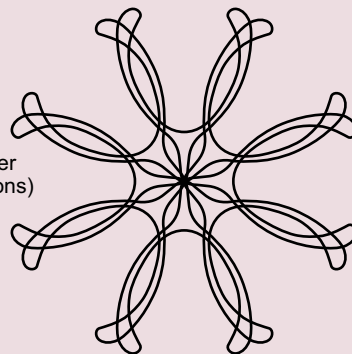

Continuous Row Single Pattern
align Point near bottom overlapping slightly
(alternate orientation)

Outward Tips Aligned at Center
Diagonal Line w/Point Out
(4 Rotations)

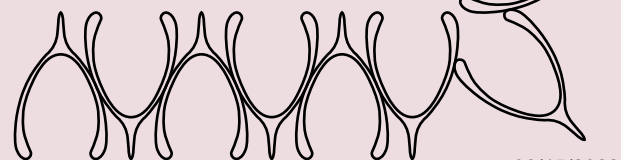

Multiple sets: Outward Tips Aligned at Center Diagonal
Line w/Point Out (4 Rotations each unit)

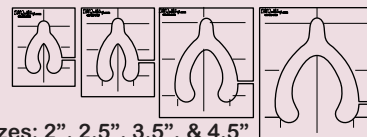

Aligned at Center
Point In (8 Rotations)

Continuous Single Row align at Point In / Point Out
position Point outward at corner

WISH BONE Templates Continuous Row Instructions

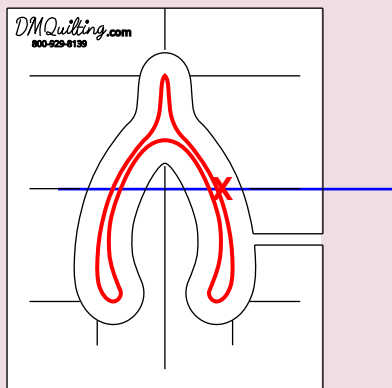

Sizes: 2", 2.5", 3.5", & 4.5"

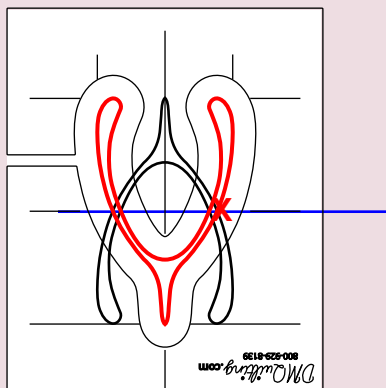

Get Started:

Lightly mark a center horizontal line for any length of row. Determine placement according to template size for each

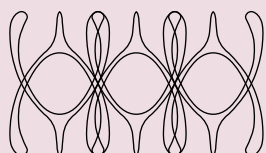

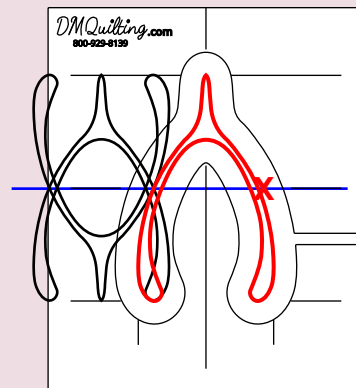

#1. Align template on Horizontal Center on Line stopping at **X**.

#2. Rotate template to stitch opposite pattern. Backtracking may be necessary. Stop at **X**.

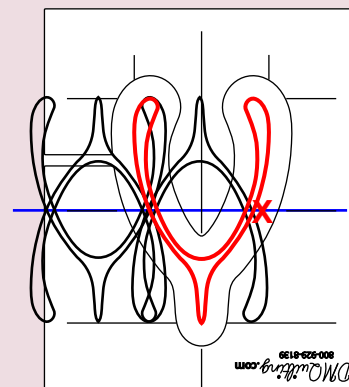

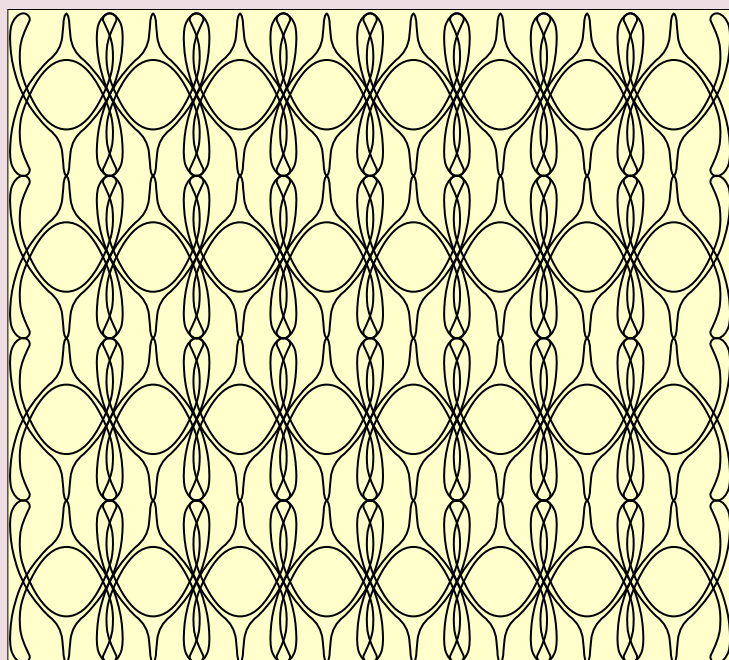

#3. Return template to upright position & stitch next pattern as the 1st. Stop at **X**.

Continue rotating and aligning template to stitch progressing along the marked Horizontal Center line to fill the area or row.

Join Multiple Rows for Edge to Edge

For edge to edge design, complete multiple rows in the same manner here.

Any template size can be used. Alternating template sizes within each row will offer additional quilting texture for allover quilting.
